Species Requiring Rare Bird Reports to be Submitted to Regional Editor

Species
Cackling Goose [Branta hutchinsii]
Wilson's Snipe [Gallinago delicata]
Eurasian Collared-Dove [Streptopelia decaocto]

Special Aspects

Cackling Goose was observed flying in formation with 47 Canada Geese and was obviously only about 1/3 the size and shorter neck. Carole Winslow (county compiler) found and photographed one Wilson's Snipe. Eurasian Collared-Dove was seen near feeder where it has been observed for two years.
